

The Visegrad Countries (Czech Republic, Hungary, Poland, Slovakia)

Expert Roundtable and Conference

„Smart Cities: The Pathway to Sustainable Development of Cities”

Date, Venue and Objectives

7th – 8th April, 2016 / Ostrava, Czech Republic

Objectives:

- to introduce Smart Cities and Communities initiative in the context of V4, incl. the position of the European Commission;
- to identify pitfalls within the implementation of Smart Cities;
- to outline ways of strengthening the implementation of the Smart Cities concept, incl. the possibility of using ESIF and other funding, with the emphasis on sustainable development of cities and municipalities;
- to share experience, good and bad practice, both at the level of national public administration and the cities themselves;
- to identify common ground and further steps to be taken in V4 countries in the context of development in the EU.
